

EXCURSIONS AND SERVICE EVENTS POLICY

Mandatory – Quality Area 2

PURPOSE

This policy will provide guidelines for Bentleigh West Kindergarten to plan and conduct safe and appropriate excursions and service events.

POLICY STATEMENT

1. VALUES

Bentleigh West Kindergarten is committed to:

- providing opportunities through the educational program for children to explore and experience the wider environment and broader society;
- ensuring that all excursions and service events are accessible, affordable and contribute to children's learning and development;
- ensuring the health, safety and wellbeing of children at all times, including during excursions and service events; and
- providing adequate supervision of all children during excursions and service events.

2. SCOPE

This policy applies to the Approved Provider, Persons with Management and Control, Nominated Supervisor, Persons in Day to day Charge, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of Bentleigh West Kindergarten, including during offsite excursions and events.

3. BACKGROUND AND LEGISLATION

Background

Excursions and service events are planned to extend the educational program and further develop the current interests of children. "Participating in their communities strengthens children's sense of identity and wellbeing" (Outcome 2: Children are connected with and contribute to their world, *Victorian Early Years Learning and Development Framework* – refer to *Sources*). The purpose and educational value of each excursion or service event should be clearly communicated to parents/guardians.

When planning excursions and service events, it is important to ensure that they are inclusive of all members of the kindergarten community. Consideration must be given to any extra costs involved and the ability of families to pay these costs. Consideration must also be given to ensuring that all children can attend regardless of their abilities, additional needs or medical conditions (refer to *Inclusion and Equity Policy*, *Dealing with Medical Conditions Policy*, *Asthma Policy*, *Anaphylaxis Policy*, *Diabetes Policy* and *Epilepsy Policy*). Clear procedures must be developed and followed, and these should be communicated to parents/guardians.

A risk assessment must be carried out for each excursion to determine any risks to children's health, safety or wellbeing before permission is sought from parents/guardians (Regulations 100, 101). The risk assessment must identify each risk and specify how the risk will be managed and/or minimised (Regulation 101). Written authorisation for the child to attend the excursion must be obtained from a parent/guardian or person named in the child's enrolment record before the child can be taken outside the kindergarten premises. For details regarding information to be included in the written authorisation, refer to Attachment 1.

Legislation and standards

Relevant legislation and standards include but are not limited to:

- *Education and Care Services National Law Act 2010*
- *Education and Care Services National Regulations 2011*: Regulations 98, 99, 100, 101, 102, 123, 355, 357, 360
- *National Quality Standard*, Quality Area 1: Educational Program and Practice
 -
- *National Quality Standard*, Quality Area 2: Children's Health and Safety

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Adequate supervision: (In relation to this policy) **supervision** entails all children (individuals and groups) in all areas of the kindergarten, being in sight and/or hearing of an educator at all times including during toileting, sleep, rest and transition routines. Kindergartens are required to comply with the legislative requirements for educator-to-child ratios at all times. Supervision contributes to protecting children from hazards that may emerge in play, including hazards created by the equipment used.

Adequate supervision refers to constant, active and diligent supervision of every child at the kindergarten. Adequate supervision requires that educators are always in a position to observe each child, respond to individual needs and immediately intervene if necessary. Variables affecting supervision levels include:

- number, age and abilities of children
- number and positioning of educators
- current activity of each child
- areas in which the children are engaged in an activity (visibility and accessibility)
- developmental profile of each child and of the group of children
- experience, knowledge and skill of each educator
- need for educators to move between areas (effective communication strategies).

Approved Provider (also known as the Committee): An individual or organisation that has completed an application and been approved by the Regulatory Authority as fit and proper (in accordance with Sections 12, 13 and 14 of the National Law) to operate one or more education and care services. Where the applicant is an organisation, each person with management and control of that organisation must complete a separate application form.

Attendance Record: Kept by the kindergarten to record details of each child attending the kindergarten including name, time of arrival and departure, signature of person delivering and collecting the child or of the Nominated Supervisor or educator (Regulation 158(1)).

Certified Supervisor: An educator with a Supervisor Certificate (in accordance with the National Regulations) who may consent to being placed in day-to-day charge of the education and care Kindergarten. The designation must be made by the Approved Provider or the Nominated Supervisor and accepted in writing by the Certified Supervisor. A Certified Supervisor placed in day-to-day charge of a Kindergarten does not have the same responsibilities under the National Law as the Nominated Supervisor. Applications for Supervisor Certificates are assessed by the Regulatory Authority.

Excursion: An outing organised by the education and care service. The written permission of parents/guardians or a person named on the child's enrolment record as having lawful authority must be obtained before educators/staff take children outside the kindergarten premises.

Nominated Supervisor: A person who is a Certified Supervisor and has been nominated by the Approved Provider of the Kindergarten under Part 3 of the Act to be the Nominated Supervisor of that Kindergarten, and who has consented to that nomination. The Nominated Supervisor has day-to-day responsibility for the Kindergarten in accordance with the National Regulations. All Kindergartens must have a Nominated Supervisor. At Bentleigh West Kindergarten this person is also known as the Director.

Service event: A special activity, event, visitor or entertainment organised by the education and care service that may be conducted as part of a regular session at the kindergarten premises or as an excursion.

Risk assessment: (In the context of this policy) a risk assessment must identify and assess any hazard that poses a risk to a child's health, safety and/or wellbeing while on an excursion, and specify how these risks will be managed and/or minimised (Regulation 101). Risk assessments must consider:

- the proposed route and location of the excursion
- any water hazards (refer to *Water Safety Policy*)
- any risks associated with water-based activities (refer to *Water Safety Policy*)
- transport to and from the proposed location of the excursion (refer to *Occupational Health and Safety Policy*)
- the number of adults and children participating in the excursion
- the number of educators or other responsible adults who will be providing supervision given the level of risk, and whether or not specialised skills are required (e.g. lifesaving skills)
- the proposed activities, and the impact of this on children with varying levels of ability, additional needs or medical conditions
- the proposed duration of the excursion, and the impact of this on children with varying levels of ability, additional needs or medical conditions
- any items/information that should be taken on the excursion e.g. first aid kit, emergency contact details for children, medication for children with known medical conditions (such as asthma, anaphylaxis and diabetes) and a mobile phone.

Regular outing: (In relation to education and care services) means a walk, drive or trip to/from a location that the kindergarten visits regularly as part of its educational program, and where the circumstances covered by the risk assessment are the same on each trip. If the excursion is a regular outing, an authorisation from parents/guardians is only required to be obtained once every 12 months. A new authorisation is required if there is any change to the circumstances of the regular outing.

Supervision: refer to **adequate supervision** in *Definitions* above.

AUTHORISATION

This policy was adopted by the Approved Provider of Bentleigh West Kindergarten on **18/07/19**.

REVIEW DATE: 18/07/2021

ATTACHMENT 1: PLANNING AN EXCURSION/SERVICE EVENT

When planning an excursion/service event Kindergarten's need to consider a range of issues. Some of these are detailed below.

Developing an excursion/service event authorisation form

The *Education and Care Services National Regulations 2011* (Regulation 102) specify that written authorisations for excursions, given by a parent/guardian or person authorised on the child's enrolment record, must include the following details:

- the child's name
- the reason the child is to be taken outside the service premises
- the date the child is to be taken on the excursion (unless the authorisation is for a regular outing)
- a description of the proposed location of the excursion
- the method of transport to be used
- proposed activities to be undertaken as part of the excursion
- the period of time that the child will be away from the service premises
- the anticipated number of children attending the excursion
- the anticipated ratio of educators to children attending the excursion
- the anticipated number of staff members, and any other adults who will accompany and supervise children on the excursion
- confirmation that a risk assessment has been prepared and is available at the service.

The authorisation form should require parents/guardians to include contact details for two people and for the child's medical practitioner in the event that the child experiences an incident, injury, trauma or illness while on the excursion.

The form must be signed and dated by the parent/guardian or a person authorised on the child's enrolment form.

Services should also include information about:

- additional costs involved [if any]
- whether parents/guardians/siblings are able to participate in the excursion and, if so, details of the supervision requirements for additional family members.

Non - Attendance of siblings

A number of kindergartens now include a statement in their policy that siblings are not able to attend as it may impact on the ability of the Kindergarten to meet regulatory requirements for adequate supervision. Sibling attendance at excursions has been encouraged in the past to ensure adult assistance with an excursion and is still common practice in many kindergartens.

Transport to the excursion

ELAA recommends excursions do not involve private cars as this raises issues about the Kindergarten's ability to meet a range of funding and statutory requirements and, most importantly, children's safety and wellbeing. Children, volunteers and staff leaving as a group from the kindergarten are able to clearly meet all relevant regulatory and legislative requirements. BWK aims to follow this recommendation where possible.

The Nominated Supervisor will need to consider appropriate transport. For example, if travelling by bus, will the bus have seatbelts and who will cover the cost of the bus for the excursion? If an additional bus is required, how will the Kindergarten meet the staffing requirements of CSR r50 and 53?

Clear and thorough planning of excursions can enable children to participate in valuable learning opportunities available in the community. Regular review and application of the 'Excursions and Service Events Policy' will ensure good process and planning for Kindergarten excursions and service events.
